

ONE DAY WORKSHOP ON DIFFERENTIAL GEOMETRY

20 November 2008 (Thursday), Saga University, Japan

PROGRAM

Place: Room 205, 2th floor, 6th Building,
Faculty of Science and Engineering, Saga University

- 09:30-10:30 Anisotropic Gauss map of surfaces
Miyuki Koiso (Nara Women's University)
- 10:50-11:50 On trigonal minimal surfaces in flat tori
Toshihiro Shoda (Saga University)
- 14:00-15:00 On weak stability index of hypersurfaces in spheres
Wei Guoxin (Saga University)
- 15:20-16:20 Anisotropic surface energies
Bennett Palmer (Idaho State University):
- 16:40-17:40 Universal estimates for eigenvalues of a biharmonic operator
Qing-Ming Cheng (Saga University)

The Organizing Committee

Qing-Ming Cheng, Saga University, e-mail: cheng@ms.saga-u.ac.jp,

Guoxin Wei, Saga University, e-mail: wei@ms.saga-u.ac.jp.
