
**** 2nd Announcement ****

*** Singularities in Generic Geometry and its Applications ***
*** Kobe–Kyoto 2015 (Valencia IV) ***

Dear colleague,

This is the 2nd announcement of “Singularities in Generic Geometry and its Applications” which will be held in Kobe and Kyoto.

We are pleased to inform you that the schedule of the conference has been fixed as follows:

3rd (morning) to 6th (noon) of June, Kobe University, Centennial Hall,
8th (morning) to 10th (noon) of June, Kyoto University, Research Institute of
Mathematical Science.

This is the 4th workshop on the series of “Singularities in Generic Geometry and its Applications” initiated by Carmen Romero Fuster (Valencia University) since 2009. This series of workshops **focus on the singularities related to Differential Geometry, Differential Topology, Control theory, Bifurcation theory and related areas.**

We intend to organize the workshops 4days in Kobe and 3days in Kyoto respectively. The formal home page is open now.
